

**Our School Is Forever**  
-by Marie of the Incarnation School w  
songwriter/musician Chris McKhool

March 1, 2000

**Chorus:**

Our school is forever, our school is you and me  
Our school is forever, and we thank you Marie  
Our school is forever filled with kindness and love  
Our school is forever a gift from above.

Our school was born in 1975  
Named after Marie, an Ursuline nun  
She was a pioneer who helped start our school  
And her vision is what helps makes it run.

Sister Rita welcomed the students at the door  
She encouraged them to learn so much more  
The school was one big room, you could see each others'  
fun  
And even though we now have walls, we work as one.

Past memories and heroes add up all the time  
Father Hannan blessed this school and made it happy and  
kind  
He made the school bright and reached out to our minds  
And he touched upon our hearts, yours and mine.

Our history is captured in our halls  
You can find blessed medals hidden in the walls  
Mr. Brosens placed them there with the greatest of care  
They'll be forever there, these memories for us all.

Our teams are the best wearing white, gold and green  
The Mustangs have more trophies than you've ever seen  
We all feel the magic when the ball is in the air  
Our teams, they play hard, but always fair.

Our school has more spirit than any school around  
Our students are the kindest that you've ever found  
Our clubs and our dances are very fun and cool  
And our trophies are more precious than jewels.

Our PTA is great; they're on a winning streak  
Our teachers are so caring and so very sweet  
And though through the years, the teachers come and go  
In the students their memories always show
